

# The Fire of London.

The fire started in a bakery on Pudding lane.

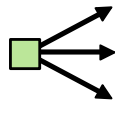

The fire started at night time in the bakers shop.

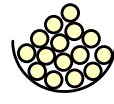

F

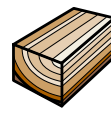

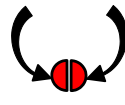

The baker was called Thomas Farriner.

and

The fire spread quickly and lots of houses burnt down.

The houses were made of wood.

People used buckets of water to put the fire out.

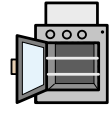

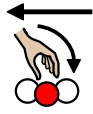

The Fire of London.

F

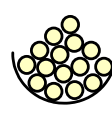

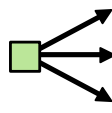

Thomas Farriner was the baker.

Thomas tried to put the fire out in his oven.

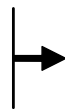

The fire wasn't out.

The fire spread quickly and lots of houses burnt down.

People used buckets of water to put the fire out.

People got the water from the River Thames.
