

# Discovery Special Academy Newsletter Summer 1 2024

## Summer 1 Update

We hope everyone had a lovely Easter break.

We have a few updates that we would like to share.

### Extension

The extension work continues to go well. We re-visited the site and the classrooms and additional spaces were very impressive to see. We are looking forward to the 10th June when the modules will be delivered and craned into place. It will really start to feel like a school then.

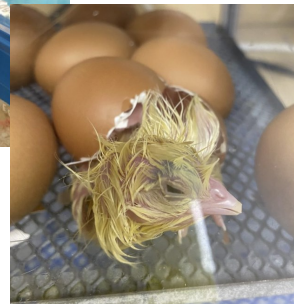

Our academy journalists went to see the site manager, Colin, to see how work was progressing. They had a fabulous morning seeing the work and asking questions. Look out for their article in the trust newsletter at the end of the year.

**We will keep adding to the website page this term. Keep on checking for more pictures and progress.**

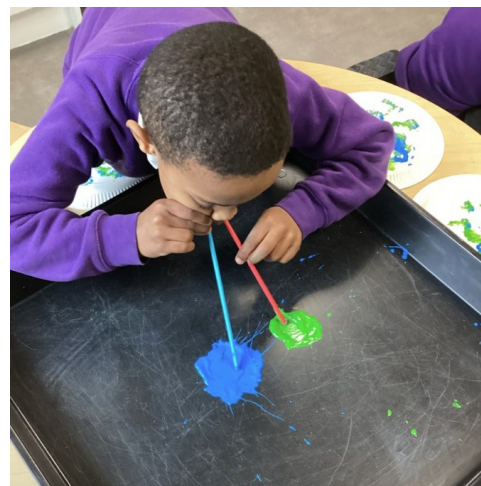

## Living Eggs

We had living eggs in the academy again this year. Everyone loved seeing the eggs hatch and watching the chicks develop. It is an incredible experience and it has made us even more excited about the hens we will have on site very soon.

## After School Clubs

We have started a sports club, and a sensory club. Both are going really well and we look forward to more pupils accessing these in the summer. We also hope to offer more clubs next academic year, once the extension is completed.

## World Earth Day

We celebrated World Earth Day across the academy. We learnt about the earth and thought about how we can look after it. We want to make the earth a cleaner and better place to live for everyone.

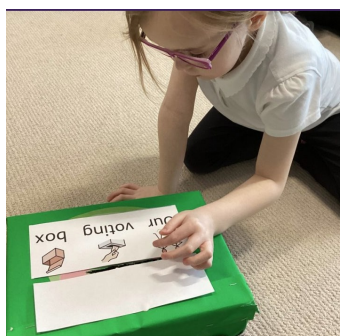

## Residential Visit.

Our older pupils had a fabulous time on their residential. They spent lots of time outside and developed their independent living skills. They were all amazing and we are very proud of them.

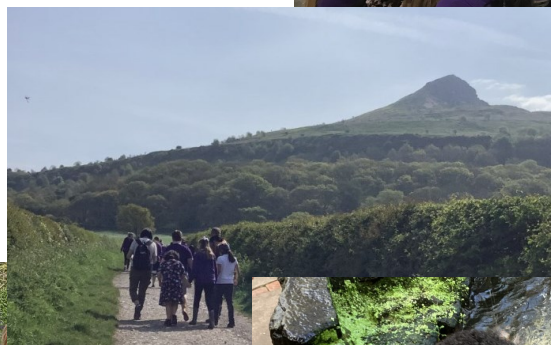

## TVED book awards 2024.

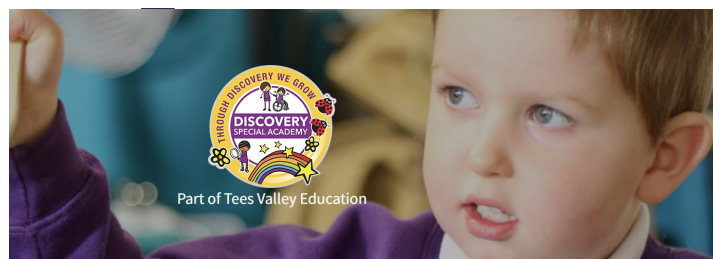

The book awards were this week, well done to all our fabulous readers. We really enjoyed this years selection of books. We voted for our favourites.

**Here are some of the other amazing things we have done this half term.**

**Remember, there is lots of information on our website including more fabulous galleries, all of our letters, information about the curriculum and much more.**
